

SECTION CHIEF OF VASCULAR SURGERY

The Department of Surgery, Alberta Health Services-Calgary Zone (AHS) and the University of Calgary invite applications for the position of Section Chief, Vascular Surgery.

The successful candidate will be responsible for the quality of care and services within the Section in a manner consistent with the mission and goals of Alberta Health Services and for all educational and research activities related to the University of Calgary.

Qualifications include an MD, a fellowship from the Royal College of Physicians and Surgeons of Canada and/or its equivalent in Surgery. The applicant must be eligible for licensure in the province of Alberta. The successful applicant will hold a joint appointment with the University of Calgary, Cumming School of Medicine (CSM), in the Department of Surgery. The ideal candidate will possess excellent communication skills and proven leadership in working with multiple providers and teams.

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada. Alberta Health Services and The University of Calgary are committed to employment equity.

Effective start date is on or before September 1, 2018. Applications for this position will close on April 30, 2018. For additional information regarding this position please follow the Doctor Jobs Alberta website link at: <http://www.doctorjobsalberta.com/Jobs.Calgary.Section-Chief.4393.aspx>

Please submit a letter of application, your curriculum vitae and three names of referees to:

c/o Foothills Medical Centre
1403 - 29th Street NW
Calgary, AB T2N 2T9

Calgary Highlights:

Calgary is approximately 80km east of the Canadian Rockies and is located in the transition zone between the Rocky Mountain Foothills and the Canadian Prairies. It is the largest city in Alberta, with a metropolitan population of 1,239,220 people (Statistics Canada, 2016). The city is large in physical area, consisting of an inner city surrounded by suburban communities of various densities.

Calgary's climate is greatly influenced by the city's elevation and proximity to the Rocky Mountains. Calgary's winters are broken up by warm, dry Chinook winds that routinely blow into the city from over the mountains during the winter months.

Calgary has a vibrant theatre, art, food, sports and music community. It was designated as one of the cultural capitals of Canada in 2012. The city features an eclectic mix of restaurants and bars, cultural venues, public squares and shopping.
